About Us

Founded in 1971, Chi Mei Frozen Food Co., Ltd. (CMF) is a subsidiary of Taiwan’s CHIMEI Group. The company established its presence in both domestic and international markets through the production of frozen steamed buns and dumplings. Guided by the principles of “bringing traditional delicacies to everyone” and “crafting food with the same care as for family,” CHIMEI is dedicated to developing high-quality Chinese pastries and introducing authentic Asian flavors to the world.

Since 2022, we have promoted the concept of “New Life Diet,” focusing on lighter meals, environmental friendliness, and healthier choices. Our products are made without preservatives or MSG, paired with sustainable packaging for a lower-carbon way of eating.

Guided by the spirit of “Light,” CHIMEI continues to explore healthier and more forward-looking possibilities in modern dining.

Global Sales and Production Sites

CMF has expanded its presence to more than 50 countries, including North America, Australia and New Zealand, Europe, South Africa, Japan, Hong Kong, and Singapore. In recent years, the company has also established production facilities in the Philippines, Poland, and the United States, and this year founded a new subsidiary in Tokyo, Japan. Through a market-oriented global layout, CMF continues to provide high-quality products and services to customers worldwide.

Why Choose Us?

Global Localized Manufacturing & Market Expertise

With manufacturing facilities in Europe, North America, and Southeast Asia, supported by a professional R&D team and a 3,000+ Asian flavor database, we customize products to local taste profiles and deliver authentic solutions for each market.

Flexible Collaboration Models for Win-Win Growth

We offer OEM, ODM, brand licensing, joint development, and two-way trade models, giving partners flexibility to match their market strategy while achieving cost efficiency and growth.

Fast Supply Chain & Efficient Inland Distribution

Our global production network reduces lead times and minimizes logistics risks. We ensure rapid restocking and stable inland distribution throughout North America, Europe, and Southeast Asia.

Stable & Scalable Production Capacity

With a daily global output of 3 million dumplings and 1 million steamed buns, we provide consistent, large-scale supply to support both retail and foodservice channels worldwide.
